25X1 Between 3 and 4 p.m. on 14 November 1951, about 40 Pe-2s were parked in two rows on the northern edge of Cottbus airfield. There was no flying. The three Pe-2s with two cabins which had been parked there previously were not observed. On 25 November, the field was still occupied by about 40 Pe-2s.*

 Comment. Cottbus airfield is still occupied by a bomber regiment equipped with Pe-2s. The previously reported Pe-2 with two cabins is the trainer version of the Pe-2.
